

Osnabrück Global Classroom

Due to the challenges the Corona Pandemic imposes on student mobility, Osnabrück University of Applied Sciences has established the Osnabrück Global Classroom as an alternative option for international students from partner universities.

If spending a semester abroad is not possible for you at the moment but if you are interested in studying online in an international and intercultural setting, then sign up for one or more of our online courses. It is not necessary to be present in Osnabrück and you can complement your studies at your home university with the courses you choose here.

List of courses

Open to students from partner universities of Osnabrück University of Applied Sciences

Teaching mode and schedule

All courses are taught in English by lecturers from Osnabrück University of Applied Sciences or from international partner universities.

The lecturers use the video conference tool zoom with one or two live video conference sessions per week. All courses have a workload of 5 ECTS and conclude with an exam.

The courses will take place during the winter semester of Osnabrück University of Applied Sciences October 5, 2020 - January 22, 2021 (lecture period), January 23 – February 20, 2021 (exam period)

Studying online as an international visiting student

As a student of one of our partner universities you will be registered as an international visiting student at Osnabrück University of Applied Sciences and receive a transcript of records upon completion of the class. You will also receive access to our university platform OSCA for a smooth interaction with the lecturers and fellow students.

If you wish to have the credits you earned at Osnabrück University of Applied Sciences recognized by your home university, a learning agreement needs to be signed prior to the start of the course.

Online orientation days will take place for all our guest students – no matter if they are present in Osnabrück or joining us online from abroad. You will have the possibility to join online sessions prior to the beginning of the courses, in which your questions about studying at Hochschule Osnabrück will be addressed and you will already get connected online with other international and German students of the upcoming winter semester.

Registration

For registration and for open questions please get in touch with the International Faculty Office:
