

## Osnabrück Global Classroom – Summer Semester 2021

Due to the challenges the Corona Pandemic imposes on student mobility, Osnabrück University of Applied Sciences has established the Osnabrück Global Classroom as an alternative option for international students from partner universities.

If spending a semester abroad is not possible for you at the moment but if you are interested in studying online in an international and intercultural setting, you are welcome to apply and sign up for one or more of our online courses. It is not necessary to be present in Osnabrück and you can complement your studies at your home university with the courses you choose here.

### List of courses:

#### **Faculty of Agricultural Sciences and Landscape Architecture:**

<a href="#">English for Projects</a>	Jonathan Fine, Osnabrück University of Applied Sciences

### **Teaching mode and schedule**

All courses are taught in English by lecturers from the Osnabrück University of Applied Sciences or from international partner universities.

The lecturers use the video conference tool zoom with one or two live video conference sessions per week. All courses have a workload of 5 ECTS and conclude with an exam.

The courses will take place during the summer semester of Osnabrück University of Applied Sciences: March 22 – June 18, 2021 (lecture period), June 19 – July 25, 2021 (exam period)

### **Studying online as an international visiting student**

As a student of our partner universities, you will be registered as an international visiting student at Osnabrück University of Applied Sciences and receive a transcript of records upon completion of the class. You will also receive access to our university platform OSCA for a smooth interaction with the lecturers and fellow students.

If you wish to have the credits earned at Osnabrück University of Applied Sciences recognized by your home university, a learning agreement needs to be signed prior to the start of the course.

Online orientation days will take place for all our guest students – no matter if they are present in Osnabrück or joining us online from abroad. You will have the possibility to join online sessions prior to the beginning of the courses, in which your questions about studying at Hochschule Osnabrück will be addressed and you will already get connected online with other international and German students of the upcoming winter semester.

## **Application**

Students may choose courses at both faculties. However, due to limited capacities: When admitting the students into the courses, priority will be given to students from partner universities of the respective faculty.

**If you would like to apply, please contact first the international office of your home university.** The home university needs to nominate the students to the Osnabrück University of Applied Sciences before January 18. The application requirements are: enrollment at the home university during the period March-July 2021, good academic records, previous knowledge in the relevant subject field and English proficiency (CEFR B1, TOEFL 80 ibt, IELTS 5.5). The home university sends the nomination to the International Faculty Office of the Faculty of Agricultural Sciences and Landscape Architecture at the Osnabrück University of Applied Sciences which will check the nominations and capacities. If the nomination is accepted, you will receive a link to the online registration portal to submit the application by January 31, 2021 at the latest. You will then be asked to upload a copy of your passport/identity card and transcript of records.
